

SEVI — CvSU Virtual Assistant

Executive One-Pager · Prepared for John Xavier B. Nepomuceno · May 2026

Sevi is CvSU's own AI assistant — built in-house, at zero licensing cost — that answers student inquiries instantly, 24 hours a day.

THE CHALLENGE

Students struggle to get answers outside office hours. Staff spend valuable time on the same basic questions, day after day.

THE SOLUTION

Sevi handles these questions automatically — freeing staff for meaningful work and giving students answers at any hour.

THE BENEFIT

Less staff burden. Better student experience. And real data on what students need — for the first time.

CURRENT STATUS — PRODUCTION READY

- ✓ Answers student questions on 23 topics
- ✓ Available 24 hours a day, 7 days a week
- ✓ Works on any phone, tablet, or computer
- ✓ Logs every query for administrative review
- ✓ Fully documented — ready for IT handover
- ✓ Deployable on university servers in minutes

THREE THINGS WE NEED FROM YOUR OFFICE

1. Approve deployment

Authorise Sevi to go live on the CvSU website and student portal.

2. Assign an IT owner

Designate the IT unit responsible for operations and updates.

3. Commission expansion

Fund coverage for all colleges, departments, and offices.
